WHY STUDY IN AUSTRALIA?

Did you know that Australia has the third highest number of foreign students in the world behind only the UK & US? This isn't surprising when you consider Australia has eight of the top 100 universities in the world! IDP offers you the opportunity to accomplish your aspirations and dreams of higher education and study in Australia. Australia has a modern, highly educated culture with a thirst for knowledge and research. Australia has contributed to science and research through fascinating discoveries, high quality educational opportunities, and international collaboration. Australia is located near Asia, one of the fastest developing regions, so has immediate ties to most powerful economic hubs in the world.

When most people think of Australia, they think about green pastures, kangaroos, koalas and clean air and water. However, Australia has so much more to offer like its friendly, laid-back nature, excellent education system and high standard of living making it hot spot for international students. Australia is a country of opportunities for career, new culture and adventure. There are many reasons why international students choose to study in Australia:

Globally Recognized Degree:

Employers and universities all over the world recognize Australian degree and other certificates. Graduates from Australia are successful in finding jobs and hold prominent positions worldwide.

Living Expenses:

Living expenses and tuition costs are considerably lower in Australia than they are in US and UK. However, the living standard in Australia is quite high as compared to competitive nations. There are range of scholarships available which can help to lower the cost of studying in Australia.

A range of Courses in Australia:
